To Whom It May Concern:

RE: The Landscape Company (TLC)

The above landscaping vendor has and is currently servicing the Concord Department of Motor Vehicles since June 2009. Frank McGuire, III and his excellent team of landscapers have proved invaluable with keeping up a very large grass area, pruning/cleaning up litter, repairing sprinklers, and having an excellent open communication with myself in times of an emergency.

I can honestly recommend The Landscaping Company to perform a thorough landscaping job to meet anyone's expectations, as this company has with mine.

Sincerely,

Elizabeth Stehr,  
Operations Manager  
Concord Department of Motor Vehicles
